

Holy Name Esher

Welcoming all into the Joy of Jesus

Our Prayer Intentions for

September 2020

Pope Francis Intention: We pray that the planet's resources will not be plundered, but shared in a just and respectful manner.

Parish Intention: We pray for all our young people in our Parish community returning to their studies at school, college and university and to those starting out in the workplace. May the Lord fill them with energy and enthusiasm for every opportunity and to have courage for any challenges ahead.

World Intention: We pray for respite from the devastating wild fires that are ravaging across the globe. May the Lord console all those communities in fear of losing their homes and for the loss of wildlife. Gentle Jesus, please bring healing and renewal to the scarred earth that is left behind.
